

Regional Technician – Grande Prairie, AB

Certarus Ltd (“ Certarus ”), a leader in the delivery of natural gas fuel, has an opening for a Regional Technician to join their team in Grande Prairie, Alberta. Certarus is a private company with a focus on operations in the USA and Western Canada.

Summary

The Regional Technician will be responsible for the safe operation of Certarus’ bulk CNG filling stations in the Grande Prairie region. The role will be responsible for supporting CNG delivery operations, facilities management, logistics and maintenance. You will provide technical assurance for the efficient and optimum running of the natural gas compression station and field decompressing units. This position will report directly to the Regional Manager.

Job Description

Responsibilities for the Regional Technician include but are not limited to:

- Assisting with the overall plant and fleet operations in the Grande Prairie region, while assisting to maintain a safe working environment
- Provide preventative and corrective field mechanical service on gas compression and process equipment on both Certarus and customer sites
- Move and setup unloading equipment from location to location as CNG demands move
- Ensure that internal policies and government safety and regulatory standards are met

Requirements

- 5 – 10 years Oil & Gas experience
- 3 – 5 years of experience working on natural gas compressors
- Significant experience in engine, compressor mechanics, production equipment and gas compression
- Technical training in either electrical or instrumentation
- Journeyman instrumentation, electrical or mechanical is preferred
- Class 1 license is an asset
- Excellent communication skills, interpersonal skills and an ability to deal tactfully with a wide range of personalities

Certarus offers a competitive compensation package and the ability to join a dynamic growing company within the oil & gas sector.
