

## **CERTARUS LTD. ANNOUNCES EXECUTIVE APPOINTMENTS**

CALGARY, ALBERTA (December 9, 2020) Certarus Ltd. (“Certarus” or the “Corporation”) is pleased to announce six executive appointments that have occurred over the latter half of 2020. The addition of these senior leaders adds significant bench strength to the executive team and will support the corporation’s focus on operational excellence, market diversification, and environmental, social and governance leadership.

### Natasha Cherednichenko - Chief Operating Officer

Natasha previously held the role of Vice President for Water and Flowback Services for TETRA Technologies, responsible for strategic direction, innovative technology, personnel development, and operational efficiency, as well as driving profitability and HSEQ performance. Prior to that, she held a variety of senior operational and functional leadership roles over a 16-year career with Schlumberger, and has experience across all major US unconventional basins, Latin America, Australia, and Europe.

### David Stevenson – Vice President of Engineering

David is an experienced executive, having previously been the Vice President of Engineering for Eagle LNG Partners for five years. Prior to that, he enjoyed a 20-year career in engineering and leadership roles with Enerflex.

### Dean Ferguson - Vice President Pipelines, Power & Utilities

Prior to joining Certarus, Dean spent 27 years at TransCanada, over ten of which he spent working on their executive team with roles such as Senior Vice President Energy Strategy & Development and Senior Vice President and General Manager, US Pipelines. Dean also held executive leadership roles with a commercial and business development focus in Canada, the US, and Mexico.

### Jacob Pratt - Vice President Renewable Natural Gas

Jacob brings more than 15 years of senior business development experience in oil and gas, infrastructure, and private equity portfolio management, with his focus in recent years on the renewable natural gas market. Prior to joining the corporation, Jacob was the VP of Sales & Business Development with Morrow Energy and BCKK, and VP of Sales & Marketing with Rush-Overland.

### Kellie Johnston – General Counsel & Vice President Sustainability

Kellie is an experienced lawyer and sustainability professional who will lead the development of a comprehensive environmental, social and governance (ESG) program for Certarus. Prior to joining the corporation, Kellie was a senior member of Norton Rose Fulbright LLP’s global risk advisory practice and the ESG practice lead for Canada. Prior to that, she ran her own sustainability consulting firm and worked in senior environmental and regulatory roles at Williams Energy and Total.

### Marshall Zurovec - Vice President Sales, USA

Marshall joined Certarus almost three years ago and was recently promoted to his current position. He is an accomplished sales leader in the energy industry, having previously held positions at Baker Hughes from the field level to National Account Manager, and also worked as Vice President of Energy Business Development at Duff & Phelps.

### **ABOUT CERTARUS**

Certarus is the North American market leader in providing low carbon energy solutions through a fully integrated compressed natural gas (CNG) platform. Our primary business is the creation of a virtual natural gas pipeline through the compression, transportation and integration of CNG and renewable natural gas for the energy, mining, forestry, utility and industrial sectors. Our solutions target diesel and propane fuel displacement projects to lower operating costs and improve environmental performance.
